PROFILE SUMMARY

Enthusiastic developer with strong hands-on experience in building practical web applications and implementing core functionalities. Skilled in React, Node.js, MongoDB, and API integration, with the ability to adapt quickly in hackathon-style environments and contribute effectively within a team. Focused on building usable, performance-driven solutions under tight deadlines.

SKILLS

- React.js, JavaScript, HTML, CSS, Tailwind CSS
- Node.js, Express.js, MongoDB
- REST APIs, Google OAuth, JWT Authentication
- Git, GitHub, Vercel, Render
- Problem Solving, Team Collaboration, Rapid Development

PROJECTS

AI Trip Planner

• Developed an AI-powered trip planning platform to generate smart travel itineraries.
• Implemented weather API integration, modern UI, and dark/light mode.
• Focused on performance, usability, and clean frontend-backend integration.
• GitHub: github.com/itsmierrrrr | https://lessgoai.vercel.app/

SpaceScope

• Contributed to building functional components of the system.
• Assisted in implementing features and integrating core logic.
• Worked collaboratively to deliver the prototype within hackathon time limits.
• Prototype Demo:
https://drive.google.com/file/d/1eWkwhuSy7WA6WuVuI7_6rggHLYIBuwdx/view?usp=drivesdk

E-Commerce Website

• Built a bakery e-commerce website focused on product browsing and user experience.
• Implemented authentication, category browsing, and backend connectivity.
• Demonstrated practical development and implementation skills.
• GitHub: github.com/itsmierrrrr | https://royalebakes.vercel.app/

HACKATHON EXPERIENCE

Participated in hackathon environments with a focus on rapid development, implementation, and team-based execution under strict time constraints. Adapted quickly to new ideas, technologies, and collaborative workflows.

TEAM COLLABORATION

Worked in a collaborative team setup contributing to development, implementation, and efficient execution of solutions. Coordinated with teammates to convert ideas into working prototypes within limited time.

ACHIEVEMENTS

- Strong hands-on project experience demonstrating practical implementation skills.
- Built and deployed multiple working web applications using modern technologies.
- Contributed effectively in team-based development and hackathon-style execution.
